

CB Mobile App - Card Controls Quick Access Guide

For further information, view our **Full Manual Online**

When first opening your CB Mobile App, you will be notified of the addition of Card Controls. There will be four pop-up screens that highlight the key new features with our update. You will have three options when presented with these screens.

1. Swipe left to continue viewing the Card Control insights
2. Select “Later” in the upper-left hand corner to view later
3. Select “Skip” to ignore the helpful information

After selecting your option, click the “Let’s Go” button to open your app and begin experiencing our new updates.
